Get FREE access to *codeSpark Academy* for your Council events!

Help your Girl Scouts earn the Coding for Good badges during your council events using these easy steps:

1. Fill out this form to request a free access code to *codeSpark Academy*.
2. Within 3 business days, codeSpark will send you an access code and instructions on how to setup codeSpark Academy on devices.
3. Choose which badges the girl scouts will earn.
4. Use the Volunteer Toolkit to prepare materials and devices for the badge(s) you'll offer.

Considerations:

- You can only request an access code within 3 months of your event.
- *codeSpark Academy* requires Internet access, be sure your event venue has adequate bandwidth for the number of devices you plan on using.
- Working with technology can sometimes require extra adult support, consider adding a couple volunteers as assistants.
- You don't need a tablet/laptop for every girl, try pairing girls up to share a device.
- The minimum device requirements needed to run *codeSpark Academy* are:
  - Apple iOS 9 (iPad 2)
  - Android 4.1 Jellybean
  - Desktop/Chromebook: 4GB of RAM, might need to close all other apps
  - Kindle Fire (2013 or newer)
